## About the Class

Every Kid Dance is an adaptive dance and music program for preschoolers. Based on the Boston Ballet's Adaptive Dance curriculum, this is not your typical dance class as it emphasizes creative movement, music and FUN! Combining many styles of movement, from African dance to yoga, along with opportunities to create music, Every Kid Dance is designed so that children of all abilities from ages 3-8 can experience the joy and develop a love of dance, music and the arts as well as achieve personal, social and physical growth in a compassionate and supportive environment.
