

Movin & Groovin

Egg Hunt- Bunny Hunt- Bear Hunt- ETC!!!

How much fun was that egg hunt, right? There doesn't need to be candy or a prize to make that same game just as fun!

Choose anything you have multiples of and hide them for your child. Teach the "Getting Warmer, Getting Colder" clues.

Rainy outside? Hide your stuffies indoors! When your child is tired of finding them, switch roles and have them hide will you seek.

Be sure to set guidelines to keep everybody safe & healthy at the beginning, such as "No hiding in the bathroom" or "No going outside the backyard".

Set a timer and see how many they can find in 5 minutes or 60 seconds. Hunting with a laundry basket leads to good heavy work and gross motor development, then it can turn into a car... or boat... or spaceship to their next destination!
